

Year 6 Summer 2

Computing

In computing we will focus on using software to help create 3D models. We will use a range of tools to help us present our designs for a purpose.

PE

This term in PE we will continue to develop the pupils' basketball skills and focus on tactics.

Music

This term in music we will continue to compose our own pieces of music.

Geography Fair Trade

This half term we will be looking at Fair trade and learning why exporting and importing is important. We will also be learning about where our food comes from and how trade works.

Art

Drawing: Make my voice heard

We will be making our 'voices heard', using a wide range of different artistic mediums and debating the question 'should graffiti be considered art?'

PSHE

This half term we will be looking at SRE and understanding how our bodies change during puberty.

Maths

This term we will consolidate our understanding of problem solving across a range of mathematical areas. We will also look at working systematically when working on investigations.

Science

This term we will learn about how to keep our bodies healthy and how our bodies might be damaged. The focus is on lifestyle choices that humans make,

French

This term in French we will be look at vocabulary in sport.

Religious Education

Judaism

We will be learning about why the Torah is so important to Jewish people.

English

This half term we will be writing a biography about someone who inspires us.

Year 6 Play

This half term we will be performing our play, **Let The Games Begin**. We hope to see as many of you at our performance.
