

Physical Development

We are developing our fine motor skills by using resources which develop the muscles in our hands and through learning to form our letters.

Our PE lessons with Mr Vasey will have us preparing for sports day! We will practise our running, jumping and throwing skills.

Literacy

We will be reading Mr Gumpy's Outing. The children will be writing a recount of the story as well as inventing their own version of the story. The children will go on their own outing and then write a recount on their experiences.

Personal, Social and Emotional

The children will begin to take on challenges independently as well as preparing the transition to Year 1.

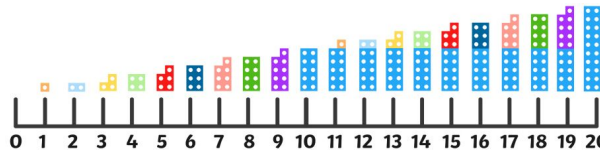

Communication and Language

We will focusing on asking our peers relevant questions to gain more insight and form ideas in group discussions..

Understanding the World

In Geography, the children will be looking at homes around the world and comparing it to their own home. The children will look at the features within homes and how this may differ from country to country.

In science, we will be learning about weather in different seasons and conducting experiments to support our understanding of different temperatures.

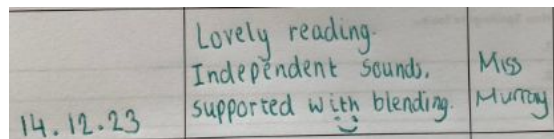

Expressive Art and Design

The children will be using sketching pencils to draw self-portraits, landscapes and buildings using different tones, shading and hatching. In Music, the children will use a wide range of instruments and learn how to follow and copy a simple beat.

Mathematics

We will be looking at pairs of numbers that make 10 using different representations. The children they will count beyond 20 looking at the composition of the numbers; the children will use numicon and diennes to represents the tens and one in numbers beyond 20. We will also be looking at time and volume.

Please record in your child's home learning book when you have heard them read at home.

Challenge me at home to...

- To take a photo of their favourite meal at home!
- To take a photo and discuss places that are special to you.
